# WELCOME

As we reflect on the milestones realized by French Hospital Medical Center in the past year, we extend our utmost gratitude to you, the members of our community who have carried these incredibly special dreams of ours into reality.

Your support is transforming our community.

Medical education was transformed with the opening of the Copeland Health Education Pavilion, a hub for health care education that offers hands-on simulation training for medical professionals and free health classes for the community.

Patients' cancer journeys were transformed when local patients and their families used programs and services at the Hearst Cancer Resource Center more than 5,000 times this year at no charge.

Women's futures were transformed when new 3D mammography equipment was purchased to provide the highest quality images for the greatest accuracy in breast cancer detection and diagnosis, and free mammograms and diagnostics tests were provided to women otherwise unable to afford them.

Life's beginnings were transformed when the Stollmeyer Family Birthing Center began welcoming babies in beautifully remodeled labor and delivery rooms.

Even as we celebrate the successes seen in the past year, we eagerly look forward to the next, in which our hospital plans to increase the capacity of our Emergency Department and services. With your support, we are confident that this expansion will meet the exceptionally high standards that your generosity allows us to uphold.

Together, we will continue to transform our community through compassionate medical services at one of the Top 100 Hospitals in the Nation.

# MILESTONES 2015–2016

## STOLLMMEYER FAMILY BIRTHING CENTER REMODEL AND EXPANSION CONSTRUCTION BEGINS

### AUGUST 2015

Currently underway, the expansion and renovation of the Stollmeyer Family Birthing Center will add private patient rooms that allow for labor, delivery, recovery, and postpartum all in one relaxing space. When circumstances call for a C-section, families will rest at ease knowing their new mom is being treated by exceptional staff in a new C-section suite, just steps away.

Partially complete, the project is expected to be finished in early 2017 and is part of the “French – Well into the Future” Capital Campaign, supported by a generous gift from the Stollmeyer and Ryan families, as well as other generous contributors.

Newly remodeled labor and delivery rooms offer a tranquil setting to welcome new family members.

## COPELAND HEALTH EDUCATION PAVILION OPENS

The Copeland Health Education Pavilion.

### NOVEMBER 2015

The new three-story, 18,000-square-foot Copeland Health Education Pavilion provides the community with the most advanced health care research facilities and education resources, free of charge. The Pavilion includes two classrooms, a conference room, a boardroom, and an educational auditorium, which are available for use by other non-profits.

The Pavilion is home to the research collaboration with French Hospital Medical Center and Cal Poly, devoted to cutting edge scientific health care informatics and prevention research; and to the James R. Flanagan Simulation Learning Center, which includes two full-size simulated hospital patient rooms and four simulation manikins for training medical professionals.

The Pavilion was made possible thanks to generous support from Jim, Sandy, Tom and Pam Copeland, as well as support from the local community.

## NEW MEDICAL-SURGICAL WING OPENS

### JANUARY 2016

A new wing designed to accommodate orthopedic and other medical-surgical patients was completed and opened in January 2016.

This project was part of the “French – Well into the Future” Capital Campaign and was supported by a grant from the George Hoag Family Foundation and other generous contributors. The new wing includes a dedicated nursing station and seven patient rooms, each with two patient beds. The wing is also home to a new, modern indoor and outdoor Physical Therapy Gym, providing patients with easy access to begin physical therapy.

New Physical Therapy Gym (top) and new patient rooms (bottom).

## HEARST CANCER RESOURCE CENTER REMODEL AND EXPANSION

### AUGUST 2016

The Hearst Cancer Resource Center underwent a significant remodel and expansion beginning in June 2016, reopening in August 2016.

A new, larger multipurpose room was added to the Center, allowing for the creation of new office and patient consultation spaces for the Nurse Navigator and Lay Patient Navigator. Additional renovations and updates were made to enhance facilities and provide increased patient comfort.

This project was 100 percent funded by contributions from generous donors at the 2016 Share the Hope event.

The new multipurpose room in the Hearst Cancer Resource Center.

# FRENCH HOSPITAL MEDICAL CENTER FOUNDATION RECEIVES "FOUNDATION OF THE YEAR" AWARD

The French Hospital Medical Center Foundation was proud to be named "Foundation of the Year" at the third annual Dignity Health Philanthropy Awards ceremony, held in February 2016 in Anaheim, California. These annual awards were established by Dignity Health to showcase philanthropic management excellence within the 31 Dignity Health hospital foundations.

The Foundation attained this honor by exceeding numerous strict measures for its performance in Fiscal Year 2015 (July 1, 2014 to June 30, 2015). The "Foundation of the Year" Award is based on results in five categories which include lower cost per dollar raised, transfers to the hospital of approximately two times operating expenses, well-balanced fundraising programs, innovation in fundraising practices, and a significant increase in fundraising revenue over the previous year.

The Foundation raised close to \$6 million in FY 2015 with a cost per dollar raised of \$0.15.

"I am extremely proud of the Foundation board members, volunteers and staff who work tirelessly to support French Hospital Medical Center. Their efforts to connect with our donors are making a huge difference in caring for our patients every day," says Alan Iftiniuk, French Hospital President and CEO.

The Foundation was also recognized when the Dignity Health Central Coast Service Area Foundations received the "Top Performing Philanthropic Service Area of the Year" Award. This included French Hospital Medical Center Foundation, Arroyo Grande Community Hospital Foundation, Marian Regional Medical Center Foundation, and St. John's Healthcare Foundation.

# MOVING FRENCH HOSPITAL MEDICAL CENTER FORWARD

## YOUNG PHILANTHROPISTS SET AN INSPIRING EXAMPLE OF GENEROSITY

When brothers Aaron and Evan Steed started Meathead Movers as high school students in 1997, their wages often consisted of \$20 and a pizza. Now, it's the largest independent moving company in California.

Meathead Movers operates with a big heart. The company has made giving back an integral part of what they do. In fact, their "Move to End DV" initiative, supported by French Hospital, recently made national headlines for helping victims of domestic violence move out of their living situations at no charge.

This compassionate spirit is spearheaded by husband and wife team Aaron and Erin Steed, along with brother Evan Steed. Aaron serves as President and CEO of Meathead Movers, Erin as Chief Strategy Officer, and Evan as Co-Founder.

Their generosity is driven by a simple formula: "#1: It's the right thing to do. #2: We can."

About ten years ago, as the Steeds looked for further opportunities to give back to their local community, they felt that contributing to a commendable health care organization was a natural decision.

"For us to attract and retain necessary talent, we need to have world-class amenities locally, like health care," Erin explains. "And as we got more involved with French Hospital, we realized what a tremendous asset it is to San Luis Obispo."

Beyond financial support, the Steeds demonstrate their belief in French Hospital through many forms of service. Meathead Movers donates valuable time and services to fundraising events hosted by the hospital. Erin also became a board member of the French Hospital Foundation in 2010 and currently serves as co-chair of the Celebration of Caring Gala.

Aaron and Erin have been personally impacted by their involvement with French Hospital. In passing through the

hospital lobby one day, they overheard a woman tearfully explaining how the Hearst Cancer Resource Center had supported her mother, who was battling cancer. Aaron and Erin realized the person talking was one of their employees.

**"There's actual heart and humankindness at French Hospital. It's not just a buzzword," says Aaron.**

The Steeds have set an inspiring example as young philanthropists in their ongoing support of French Hospital and many other organizations in the San Luis Obispo community and beyond.

Their response to "Why?" is simply a question: "How could we not?"

Left to right: Evan, Erin and Aaron Steed in front of the Steed Family Executive Boardroom in the Copeland Health Education Pavilion.

# CREATING AN ENVIRONMENT OF HEALING

## NEW THERAPEUTIC ART INSTALLATIONS SUPPORTED BY THE HAROLD J. MIOSSI CHARITABLE TRUST

Anyone who has ever been a patient or had a loved one in the hospital can attest that it is a stressful experience.

Visual art and healing gardens in hospital settings provide therapeutic and restorative qualities to patients and visitors. Studies have shown a reduction in stress levels for patients who have access to hospital gardens, and visual art is proven to decrease the anxiety and pain perception of patients.

These factors were the inspiration for French Hospital Medical Center to apply to the Harold J. Miossi Charitable Trust for grants to install therapeutic art pieces around the hospital campus, in areas such as the Healing Garden and new Copeland Health Education Pavilion. The Miossi Trust responded generously by awarding French Hospital Foundation with two grants totaling \$71,000.

"Something Incredible Happens..." art installation.

### COPELAND HEALTH EDUCATION PAVILION ART

The Miossi Trust funded the installation of a visual art piece in the Copeland Health Education Pavilion called "Something Incredible Happens..." The piece is made of curved steel and glass with frosted graphics, fusing science and inspiration through a rotating, three-dimensional atom and images of Albert Einstein's famous chalkboard equations. This work of art reflects the innovation that takes place inside the Pavilion to propel cutting-edge health care forward.

Meaningful pieces like the Healing Garden and Pavilion art installations create an environment that inspires hospital staff and provides comfort and stress relief for patients and visitors.

## ABOUT THE HAROLD J. MIOSSI CHARITABLE TRUST

A firm believer that individuals shape the world in which they live, San Luis Obispo resident Harold Miossi was motivated to have a positive effect on his community's environment. He was actively involved in a wide spectrum of community initiatives, including serving as president of Cuesta College Foundation and on many city and county advisory committees related to planning or environmental fields. The Harold J. Miossi Charitable Trust was established under his

will in 2006, and provides assistance to organizations seeking to improve the quality of life for residents of the City and surrounding area of San Luis Obispo.

French Hospital Foundation is grateful for the Miossi Trust's generous grants and anticipates that these meaningful installations will create a lasting impact on the many community members who will utilize the hospital campus for years to come.

## HEALING GARDEN ART INSTALLATIONS

French Hospital's new Healing Garden offers patients, families and visitors a natural outdoor setting designed to reduce stress and offer a respite, away from the hospital setting. Set outdoors, the garden's serene atmosphere provides a warm and soothing feel for patients and visitors.

"The Healing Garden is designed to provide a relaxing space for all of our patients and visitors to breathe and reflect," says Alan Iftiniuk, French Hospital President and CEO. "Healing gardens have emerged in hospitals in recent years due to their proven therapeutic and restorative qualities, meaning their power is even backed by scientific evidence."

While designing the new Healing Garden, the hospital decided to incorporate five stunning visual arts pieces, which were generously funded by the Harold J. Miossi Charitable Trust. These include:

- A stone column fountain that provides a relaxing visual and auditory focal point, featuring three stone columns of varying heights.
- A "breathe" living wall composed of a variety of plants.
- Two tiled reflection walls that create a backdrop of natural stone interspersed with subtle colors.
- A labyrinth, inviting reflection, mediation and relaxation.
- A large "gentle movement" art piece composed of a metal backdrop and several dangling glass balls above a base of fused glass.

Glass, copper and metal combines to move in the wind in the "gentle movement" art piece.

# GENERATIONS OF GENEROSITY

## NANCY RUSSO MCDEVITT CARRIES ON HER PARENTS' LEGACY OF GIVING

Nancy Russo McDevitt is the youngest of three children who together have carried on their parents' wishes through The Peter and Mary Russo Family Foundation. The Russo siblings give generously to honor the example of their parents, who used their self-made fortune to serve the people around them.

*"They taught us that if we were fortunate, it was our job to give back."*

When Nancy moved to San Luis Obispo from New Jersey, she knew she wanted to support a medical organization. She was impressed by her tour of the French Hospital facilities, but what won her over was the dedication of its staff.

"In all organizations that I work with, my relationships with the people are the most special to me," she says. "At French Hospital, people go about their jobs with such heart, and they're just real people."

Especially near and dear to Nancy's heart is French Hospital's commitment to caring for cardiac and stroke patients.

"I felt like my mother's last stroke didn't have to be the end of her existence. But it was," Nancy says. "She spent seven years suffering from complications from her stroke. If I can save one person from going through something like that, then I want to do that."

This passion led Nancy to generously support the new Copeland Health Education Pavilion and its cutting edge health care research. She shares that in return, the experience has impacted her personally as well.

"I've spent more time than I like to think in hospitals," she says. "I was afraid of them. But my perspective has changed since I got involved with French Hospital."

# PROVIDING CARE TO OTHERS BY GIVING BACK

## COMPASSION INSPIRES GIVING

Local philanthropist Joan Gellert-Sargen knows firsthand how important intensive care services can be. Joan was impressed by the technology available in the Intensive Care Unit (ICU) at French Hospital, as well as the dedication and compassion of the ICU nurses caring for critically ill patients.

Her passion and commitment to our community inspired her to make a \$50,000 gift to support the newly renovated and expanded ICU. In recognition of this generous gift, a plaque was recently installed in the ICU, renaming the nursing area as the 'Joan Gellert-Sargen Nurses Station.' Joan's support of the ICU at French Hospital further illustrates her passion and commitment for giving back to our community.

"I understand the importance of having the latest and greatest technologies available, and the impact of compassionate care," Joan says. "I want to help French Hospital provide the best possible health care for San Luis Obispo County."

Joan Gellert-Sargen (left) with ICU Nurse Kerry Sanner (center) and ICU Director Bianca Lin (right).

# BREAST CANCER PREVENTION FUND

## PROVIDING FREE SCREENINGS AND TESTING TO WOMEN IN NEED

Imagine that you have just found a lump in your breast. What do you do? Your doctor tells you that you need to have a mammogram and possibly follow-up diagnostic tests in order to make a diagnosis.

Now, imagine that you struggle to get by each month, to pay rent, to put food on the table for your family. How are you going to pay for a mammogram when, even with insurance, you can't afford your deductible? What do you do? Wait and risk that if this is breast cancer, it is worse by the time you've saved enough to pay for the test? Or worse yet, just not get the mammogram at all?

Breast cancer is the most commonly diagnosed form of cancer in the world and the second most deadly for women.

Fortunately, early detection saves thousands of lives each year, but early detection can only occur if patients have access to these important screenings and tests.

This heartbreaking dilemma is unfortunately one that women face, women right here in San Luis Obispo County. Even with the Affordable Care Act, not all women are insured and some who are may be underinsured or have out-of-pocket costs that they cannot afford to pay.

Recognizing that too many women in our community are unable to afford these lifesaving tests, the French Hospital Medical Center Foundation created the Breast Cancer Prevention Fund to cover the cost of mammography screenings and diagnostic testing in order to provide these services at no charge to patients (both women and men) who are low-income, underinsured, uninsured or who are unable to afford co-pays and deductibles.

The fund also helps French Hospital provide quarterly free mammography screening clinics. For those individuals whose initial screening results warrant further testing, the Breast Cancer Prevention Fund will cover the cost of additional diagnostic tests, ranging from ultrasounds to MRIs.

Local doctors can refer qualifying patients to the Women's Health and Imaging Center at French Hospital. Since the fund was established in 2011, more than 800 women and men in our community have received free mammograms and diagnostic tests, ensuring that no matter their financial situation, they have access to these vital services.

"The many patients who receive mammograms and exams because of this fund are so thankful," says Greg Blishak, Director of Radiology and the Women's Health and Imaging Center. "By offering them the opportunity to get the services they need at no charge, we are truly making an impact in their lives – whether it's providing the relief of a non-cancer diagnosis or making a cancer diagnosis early so that treatment can begin as quickly as possible."

The Breast Cancer Prevention Fund is supported solely by donations and the generous support of our community.

# HEARST CANCER RESOURCE CENTER ENDOWMENT

## TREATING THE BODY, MIND AND SPIRIT OF LOCAL CANCER PATIENTS, NOW AND FOR YEARS TO COME

The Hearst Cancer Resource Center (HCRC) at French Hospital Medical Center is a one-of-a-kind resource in San Luis Obispo County for those living with cancer and their families, where all **services are offered at no charge**. The HCRC is dedicated to serving cancer patients and their families, ranging from those newly diagnosed with cancer, in treatment, in recovery, and beyond.

The French Hospital Medical Center Foundation is currently raising funds for the HCRC Endowment to support HCRC programs and services into the future.

### WHAT IS AN ENDOWMENT AND HOW DOES IT WORK?

An endowment is a permanent, self-sustaining fund that allows French Hospital to provide for long term funding for a specific purpose, such as the HCRC.

An endowment fund holds its principal (the original donated funds) in perpetuity, with only a portion of the earnings available for use each year. This allows the endowment principal to grow and to generate additional income year after year. In this way, endowments provide a measure of financial stability for the future by ensuring funds are available to support the program.

### WHY ARE FUNDS NEEDED FOR THE HCRC ENDOWMENT?

The HCRC Endowment will provide crucial long term support for the HCRC, ensuring that the Center will continue to be an oasis for cancer patients and their families for years to come.

In order for the HCRC Endowment to generate enough income to provide permanent, long term funding for the HCRC, our goal is to grow the HCRC Endowment to \$5 million. A fully funded HCRC Endowment will provide all future cancer patients access to the same vital services that are available today.

### GET INVOLVED

Endowment support is essential to maintain and grow HCRC programs and services to benefit cancer patients now and in the future.

To support the HCRC Endowment or for more information, visit [www.supportfrenchhospital.org](http://www.supportfrenchhospital.org) or call 805.542.6496.

# THE LEGACY CIRCLE

## SERVING THE COMMUNITY "WELL INTO THE FUTURE"

The French Hospital Legacy Circle recognizes generous individuals who have made a financial provision to French Hospital in their estate plans. As a member of the Legacy Circle, you will make an important investment in the future of your community's health care. Your gift will ensure that the most advanced medical technology, state-of-the-art facilities, and significant patient support services are available to our families, neighbors and friends.

If you have included French Hospital Medical Center in your future plans, please let us know so that we can thank you appropriately. This also helps us to fully understand your intentions and ensure that a plan is in place to implement your intentions.

# A LEGACY OF CARING: JEANNE HUTCHISON

## DEDICATED HOSPITAL VOLUNTEER ESTABLISHES STROKE ENDOWMENT

Jeanne Hutchison (left) with Joyce Cameron (right), President of the French Hospital Volunteer Guild.

Jeanne Hutchison was a beloved member of the French Hospital family. She was known for her caring nature and sensitivity, as well as her desire to put a smile on patients' faces.

Born in New Jersey, Jeanne and her husband Milo married in 1964 and moved to Torrance, California to raise their children. After retiring in 1994, Milo and Jeanne moved to San Luis Obispo. Jeanne was known for her artistic side – she played the piano, painted china and enjoyed baking. Jeanne and Milo loved to travel, often leaving for months at a time in their motorhome with their Beagle, Boomer, in the co-pilot seat. After Milo passed away in 2007, Jeanne became a volunteer at French Hospital, finding long-lasting friendships among her co-volunteers and a new passion in her calling as a volunteer.

Jeanne enjoyed interacting with patients as a floor volunteer and especially liked delivering newspapers in the morning to patients. She was often found on Thanksgiving and Christmas mornings, delivering newspapers to the patients who remained in the hospital on a holiday, hoping to bring what cheer she could to them, demonstrating just how big her heart was.

Jeanne was familiar with hospitals, having worked as hospital support staff. Having a family history of stroke made the cause of deep concern to her. She took an interest in the strides that French Hospital has taken in recent years to provide the best possible care for stroke patients, including becoming a Primary Stroke Center and the use of telemedicine robots to allow neurologists from Stanford to remotely provide specialty consultation within minutes of a potential stroke patient's arrival, if a local neurologist is not onsite.

Wanting to create a lasting impact on her community and benefit future stroke patients, Jeanne worked with the Foundation to determine how best a gift to French Hospital could fulfill her wishes. After deciding that an endowment would provide the long term impact and legacy that she wanted to create, Jeanne created a six-figure bequest in her will to establish the Jeanne Hutchison Stroke Endowment upon her passing. She worked closely with the Foundation to establish written guidelines so that her wishes could be fulfilled exactly as she envisioned.

Just days after volunteering on Christmas Day in 2015, Jeanne suffered from a stroke herself, passing away 11 days later on January 7, 2016. Jeanne Hutchison had joyfully served as a volunteer for nine years, with more than 2,000 hours of service and many more smiles brought to the faces of the patients she visited. Moreover, future stroke patients will benefit from Jeanne's generosity and passion for helping others, now and for many years to come.

*Following Jeanne's passion for providing care for stroke patients, the Jeanne Hutchison Stroke Endowment has been established to provide long term support for French Hospital's Stroke Program, including the purchase of technology and supplies, staff education, community outreach, and the needs of the Emergency Department in the treatment of stroke patients. If you are interested in giving to the fund, please contact the Foundation at 805.542.6496.*

# FOUNDATION FUN(D) RAISING EVENTS

## FUN(D) RAISING AT ITS FINEST!

Foundation events raised more than \$794,000 in Fiscal Year 2015–2016. The Foundation extends its sincere thanks to all event sponsors, attendees, donors, and volunteers.

### THE FRENCH CUP GOLF & TENNIS TOURNAMENT

**Sponsored by Mustangs Sports Properties**

The 10<sup>th</sup> anniversary of the French Cup Golf & Tennis Tournament was held on June 13, 2016 at the San Luis Obispo Country Club. The event included a golf tournament with 144 golfers and a women's doubles tennis tournament with 22 players. Raising more than \$68,000 to support the Copeland Health Education Pavilion, this was the most successful tournament to date.

Golfers enjoyed a day on the links with delicious food from Ciopinot Seafood Grille, The Manse on Marsh, Olde Port Inn, and Old San Luis BBQ. The winning golf foursome from Ernie Ball, which included golfers Brian Ball, Scott Ball, Paul D'Ambra, and Ricky Griswold, took home the highly acclaimed French Cup medals created by Malcolm DeMille, designer of the PGA Tour trophy. Ingrid Troesch and Tracy Ronca were the winners of the women's doubles tennis tournament.

French Cup Chair Nipool Patel (far left) and French Hospital President and CEO Alan Iftiniuk (third from left) present the winning Golf Tournament Team from Ernie Ball with tournament trophies.

## SHARE THE HOPE

### Hosted by Stephen Hearst

This annual event to raise funds for the Hearst Cancer Resource Center (HCRC) was held on April 9, 2016 at the renowned Hearst Castle and Hearst Ranch. Breaking all previous records, the event raised more than \$440,000 and had 230 guests. Dressed in western attire, guests were transported to Hearst Castle for a champagne reception and live music with a spectacular ocean view. The evening continued at the Hearst Ranch Dairy Barn with music from Louie Ortega and Friends, a gourmet dinner and an exciting live auction.

Concluding the evening was a moving Call to Action video for the Angel of Hope Fund, showing the lives of two women who have been forever touched by the HCRC. This fund provides immediate financial assistance for basic medical needs of cancer patients and their families. Funds raised also supported the expansion of the HCRC, including a new multipurpose room, consultation offices for two Patient Navigators, and other renovations.

John and Tracy Ronca with their new puppy from the live auction.

Guests at Hearst Castle during the Champagne Reception.

Past Humanitarian Award Winners enjoyed a special table at the Celebration of Caring Gala.

## CELEBRATION OF CARING GALA

### Sponsored by French Hospital Medical Staff

The 2015 Celebration of Caring Gala, held on October 10, raised more than \$286,000 with 375 guests in attendance. Held at the San Luis Jet Center, the 'Blossoms by the Bayou' themed event was a vision of low hanging moss, firefly lighting, and lush florals accompanied by the feel of southern hospitality.

Guests enjoyed classic martinis by Ventana Grill and craft cocktails by Sidecar and KROBÂR Craft Distillery, while bidding on a wide array of silent and live auction items. The annual Louis Tedone, MD Humanitarian Award was presented to Bert and Candace Forbes for their outstanding dedication to our community. All proceeds supported the new Copeland Health Education Pavilion.

Alan and Kathy Roinestad pose in front of "What Lifts You", an art piece depicting angel wings, at the Gala.

## HUMANKINDNESS PERSONIFIED

### Louis Tedone, MD Humanitarian Award

The Louis Tedone, MD Humanitarian Award was established by the Foundation to recognize the extraordinary contributions of those individuals dedicated to building healthier communities. The award honors the legacy of Dr. Tedone and his concern and caring for children in our community. The Award is presented annually at the Foundation's Celebration of Caring Gala.

Left to right: Reese Davies, Award Recipients Bert and Candace Forbes, and Alan Iftiniuk.

### Bert and Candace Forbes – 2015 Recipients

Bert and Candace Forbes are quietly leaving a generous footprint on our community through their passion for philanthropy and civic leadership. For more than 20 years, Bert and Candace were dedicated business and civic leaders making their mark on the technology industry and creating a family oriented environment for their employees. When their company, Ziatech, was sold in 2000, they continued as strong community advocates supporting countless non-profits such as Cal Poly, French Hospital Medical Center, the Performing Arts Center, Cuesta College, United Way, Woods Humane Society, SLO Museum of Art, and the new Homeless Services Center in San Luis Obispo being spearheaded by the Community Action Partnership. As visionary philanthropists, Bert and Candace continue to make a difference in the quality of life for all residents of San Luis Obispo County.

Left to right: Reese Davies, Award Recipient Dr. Gil H. Stork, Dr. Louis Tedone, and Alan Iftiniuk.

### Dr. Gilbert H. Stork – 2016 Recipient

Dr. Gil Stork has dedicated his life to education and community service. His tenure at Cuesta College spans 49 years, where he began his career as a physical education instructor. He has been serving as Superintendent/President since 2011. A Cal Poly honored alumnus, he has been an active Rotarian for 30 years and currently serves on the board of directors for several community and state organizations, including the Economic Vitality Corporation, Sierra Vista Regional Medical Center, and the California Community College Athletic Association. His accolades include the 2000 San Luis Obispo Chamber of Commerce Citizen of the Year, 2004 Cuesta College President's Award for Excellence in Leadership, and 2011 Cal Poly School of Education Friend of Education Award. With wit, warmth and a willingness to help others, Gil has demonstrated a lifelong commitment to the health and well-being of our community. He is an extraordinary community leader who continues to make a lasting impact on our lives every day.

### Honored past recipients include these extraordinary individuals:

2014 – Jim Copeland

2013 – John and Sandy Dunn

2012 – Jim Sargen

2011 – Frank and Betsey Kelton

2010 – Phyllis Madonna

2009 – Jac Pedersen, DDS

2008 – Stephen T. Hearst

2007 – Rob Rossi & Ke-Ping Tsao, MD

2006 – Louis Tedone, MD

# MEMORIAL & TRIBUTE GIFTS

In times of sorrow, a gift in memoriam provides the opportunity to honor the passing of a friend or a loved one. In times of joy, a gift in celebration serves as a unique acknowledgement of a milestone such as the birth of a baby or a birthday, an anniversary, or special occasion in honor of a friend, relative or colleague. These memorial and tribute gifts were received between July 1, 2015 and June 30, 2016 for the following funds.

# HOW FOUNDATION FUNDS SUPPORT FRENCH HOSPITAL

**For the Year Ending June 30, 2016**

The French Hospital Medical Center Foundation is proud to share that for Fiscal Year 2015–2016, the Foundation transferred more than \$2,960,000 in donor funds to French Hospital for the support of the below needs:

<p><b>“French – Well into the Future” Hospital Expansion and Modernization Project</b></p> <p>To support the “French – Well into the Future” project, which includes an Intensive Care Unit remodel and expansion, new George Hoag Advanced Surgical Suite, new Pre and Post-Surgical Outpatient Suite, new Medical-Surgical Wing, and the expansion of the Stollmeyer Family Birthing Center.</p>	<b>\$1,448,317</b>
<p><b>Copeland Health Education Pavilion</b></p> <p>To support the new Copeland Health Education Pavilion.</p>	<b>\$837,352</b>
<p><b>Hearst Cancer Resource Center</b></p> <p>To support the programs and services of the Hearst Cancer Resource Center.</p>	<b>\$317,501</b>
<p><b>New 3D Breast Tomosynthesis Mammography Equipment</b></p> <p>Unrestricted donor funds enabled the purchase of a new GE SenoClaire 3D Breast Tomosynthesis mammography imaging machine for the Women’s Health and Imaging Center. The new technology will provide 3D high quality digital imagery allowing for greater accuracy.</p>	<b>\$201,720</b>
<p><b>Hearst Cancer Resource Center – Angel of Hope Fund</b></p> <p>To support the Hearst Cancer Resource Center’s Angel of Hope Fund, which provides cancer patients with one-time financial assistance for medications, medical bills and other expenses.</p>	<b>\$59,804</b>
<p><b>Healing Garden Therapeutic Art Installations</b></p> <p>To support the five permanent therapeutic art installations in the hospital’s new Healing Garden, thanks to generous grant support from the Harold J. Miossi Charitable Trust.</p>	<b>\$48,830</b>
<p><b>Community Wellness Educational Programs</b></p> <p>To support Community Wellness Programs, including free preventive health education classes for our community as well as bilingual outreach and education efforts. Grant support provided by Wells Fargo and Bank of America Charitable Foundation.</p>	<b>\$25,000</b>
<p><b>Breast Cancer Prevention Fund</b></p> <p>To provide free mammography screenings and diagnostic testing to women unable to afford these lifesaving tests.</p>	<b>\$9,036</b>
<p><b>Homeless Patient Support Program</b></p> <p>To support French Hospital’s Homeless Patient Support Program, which provides lodging for homeless patients requiring additional recuperation time, as well as transportation, basic survival supplies, and prescriptions upon discharge from the hospital.</p>	<b>\$8,265</b>
<p><b>Education Medical Simulator Fund</b></p> <p>To support programs at the James R. Flanagan Simulation Learning Center in the Copeland Health Education Pavilion to provide crucial, risk-free hands-on training and education for hospital staff and physicians.</p>	<b>\$3,407</b>
<p><b>Hearst Cancer Resource Center – Aquatic Therapy Program</b></p> <p>To support Aquatic Therapy classes for cancer patients who are otherwise unable to afford this beneficial service provided by a local aquatic therapist.</p>	<b>\$2,050</b>
<p><b>Stollmeyer Family Birthing Center</b></p> <p>To support the service expansion at the Stollmeyer Family Birthing Center.</p>	<b>\$2,365</b>
<b>Total Funds Provided to Support French Hospital</b>	<b>\$2,963,647</b>

EXCELLENCE

## OUR MISSION

As a member of Dignity Health, French Hospital Medical Center partners with the community to improve the quality of life here, and dedicates resources to delivering compassionate, high-quality, affordable health services that help and advocate for our disenfranchised sisters and brothers.

## OUR VISION

We strive to create a vibrant, national health care system known for service, chosen for clinical excellence, while also standing in partnership with patients, employees and physicians to improve the health of all communities served.
