WELCOME

Past. Present. Future.

To learn from the past and honor those who came before us—that is a special gift. To live in the present by caring for each other—that is a special moment. To envision the future by opening doors to new possibilities—that is our destiny. This is your French Hospital. A past filled with richness and courage. A present where saving lives is the heart of what we do every day. A future that ignites the passion for innovative ways to care for our patients.

We take this opportunity to thank our donors, friends and supporters for their confidence and support of French Hospital. We are excited about the many new happenings on our campus. This includes construction of the Oppenheimer Family Center for Emergency Medicine slated to open in late 2019.

We also celebrate a milestone—raising more than \$5 million for the Hearst Cancer Resource Center Endowment. This will leave a legacy of hope for cancer patients in our community. We are grateful for the support of Steve and Barbara Hearst, the Hearst Foundation and members of the Hearst family who understood

our vision of a comprehensive cancer resource center more than 10 years ago.

And the excitement is growing for the next transformational step—Your New French Hospital. A new patient care tower will provide the ultimate in the delivery of medical services with specially designed private patient rooms, additional critical care beds, a Neonatal Intensive Care Unit, a helipad for critical emergency patients and much more.

Recognizing the past, living in the present, and planning the future. That is the formula we live by to provide the highest level of quality care deserving of this community.

HEARST CANCER RESOURCE CENTER REACHES ENDOWMENT GOAL

Providing Hope for Generations of Local Cancer Patients

No one should have to navigate the rough waters of a cancer diagnosis alone. For the past ten years, the staff and clinicians at French Hospital's Hearst Cancer Resource Center (HCRC) have supported cancer patients in our community with resources that are truly one-of-a-kind. A cancer diagnosis can be paralyzing to individuals and families, but the HCRC is demystifying the process from diagnosis to treatment, recovery, and beyond.

For the past decade, the HCRC has understood the importance of taking a multi-faceted approach to cancer care, offering a host of patient support services designed to help patients find comfort, support, and empowerment when they are most needed. Among the services provided by the HCRC are education, social services and support programs, nutritional counseling, treatment techniques, spiritual and therapeutic social activities, and financial

The HCRC Appearance Center provides cancer patients with hair loss with wigs of their choosing

assistance. With over 91,000 visits to date, the Center has helped countless cancer patients and their loved ones.

Remarkably, all HCRC programs and services are offered at no charge to patients and their families, thanks to the generous support of the Center by donors and the local community.

Established in 2008 through donations from Steve Hearst and other family members, the HCRC is truly a refuge for patients and their loved ones, helping to alleviate some of the burdens of the cancer experience for patients and their caregivers. In an effort to provide long-term support for the HCRC, the French Hospital Foundation established the Hearst Cancer Resource Center Endowment with an initial grant from the Hearst Foundation. It set a goal of raising \$5 million as a permanent source of funds to ensure that future cancer patients and their families have access to the crucial free services offered at the HCRC.

On April 21, 2018, the French Hospital Foundation held its annual Share the Hope event, hosted by Steve and Barbara Hearst. Thanks to the overwhelming support at the event, an astounding \$1 million was raised, completing the Endowment fundraising campaign by reaching the \$5 million goal.

“The incredible generosity of the many people who contributed to the Endowment is overwhelming,” says Tom Vendenga, MD, the person whose vision was responsible for the creation of the HCRC and current member of the HCRC Advisory Committee. “Growing the HCRC Endowment is an important step in making a lasting impact on those whose lives have been touched by this disease.”

Although the goal has been reached, additional funding is still needed to grow the Endowment to make a lasting impact. To learn how you can support the HCRC, please visit www.supportfrenchhospital.org.

Share the Hope hosts Steve and Barbara Hearst

BREAKING GROUND

Emergency Services Expansion Begins

Construction is underway for the new Oppenheimer Family Center for Emergency Medicine.
Inset Right: Rendering of complete facility

The most advanced emergency services center in San Luis Obispo will soon open its doors at French Hospital Medical Center.

Construction on the new Oppenheimer Family Center for Emergency Medicine began in May 2018. The ambitious \$16 million expansion and modernization project is partially funded by a monumental gift of \$5.5 million from Peter and Mary Beth Oppenheimer, the largest gift received in French Hospital Foundation's history.

As the premier cardiovascular center in the region, French Hospital experiences more than 20,000 emergency patient visits per year in a facility that was built in the 1970s—an altogether different medical era—to handle a drastically lower number of emergency visits. At 12,600 square feet, the new facility will more than double the size of the existing Emergency Department by adding an 8,600 square foot expansion. In addition, the existing space will be renovated and French Hospital's imaging and diagnostic capabilities will be improved with cutting-edge technology and equipment.

The new comprehensive emergency medicine center will advance French Hospital's award-winning emergency

services by adding 18 private treatment rooms, a private screening room, dedicated Fast Track treatment rooms for more expedited patient flow for less urgent conditions, and a larger waiting room, providing a more comfortable, private and dignified environment for patients.

“The new Emergency Department will truly change local emergency medicine for our patients and our community,” says Dr. Matthew Scales, Medical Director of the Emergency Department. “We are incredibly grateful to our generous benefactors, Peter and Mary Beth Oppenheimer.”

The first phase of the new Oppenheimer Family Center for Emergency Medicine is scheduled to open in late 2019, followed by the completed renovation of the existing space in 2020.

THE DA VINCI ROBOT

Revolutionizing Care in San Luis Obispo County

It's here! French Hospital Medical Center is pleased to announce the recent acquisition of the da Vinci Xi Surgical System (da Vinci), an advanced robotic technology platform which will transform surgical procedures on the Central Coast and serve as the first and only of its kind in our region.

The innovative da Vinci utilizes a minimally invasive approach to surgery for many disciplines, including general, cardiac, colorectal, gynecologic, urologic surgery, and more. Using the da Vinci, a surgeon sits at an ergonomic console and intuitively controls the movements of the robot's mechanical arms which grasp the surgical instruments. The da Vinci translates the surgeon's hand motions into smaller, more exact movements, providing greater precision than traditional surgery.

The system enables physicians to perform highly complex procedures—which would previously have required patients to travel as far as three hours away—closer to home. Most importantly, patients who undergo surgery with the da Vinci experience less bleeding and tissue trauma, reduced hospital stays due to fewer complications, better overall pain management, and improved recovery time, with patients gaining the ability to return to normal activities faster than after traditional surgery.

The addition of the da Vinci further expands surgical capabilities and care options for our region while also serving as a powerful recruitment tool in attracting new, highly skilled clinicians to the Central Coast.

French Hospital Medical Center Foundation would like to express its gratitude to the donors and community partners whose contributions made the acquisition possible. The Foundation is actively seeking additional donations to support this landmark technology and continue to propel the Central Coast into the future of medicine.

To learn how you can support advanced technology, contact the Foundation at 805.542.6496.

Surgeons control the movements of the da Vinci's robotic arms using an advanced console

A new four-story patient care tower will provide a new hospital entrance, private patient rooms and much more

YOUR NEW FRENCH HOSPITAL

Looking to the Future

After years of planning, French Hospital Medical Center is excited to unveil the first look at the future of health care in our community—Your New French Hospital.

To keep pace with regional growth and medical advances, French Hospital is embarking on a transformative project to add capacity, enhance the patient experience, and create a unique healing environment. With this transformation, which will nearly double the capacity of the current 45-year-old

facility, French Hospital will become the largest hospital in San Luis Obispo County.

The \$120 million project is slated to begin in November 2019 and is expected to be completed in mid-2023. The elaborate plan will further enhance existing capabilities by improving patient care and adding the most advanced technologies, drawing highly skilled medical personnel to our region and propelling the facility into the future of innovation.

What is Your New French Hospital?

A new four-story, 85,000 square foot patient care tower will make French Hospital the largest and most technologically advanced hospital in San Luis Obispo County. Your New French Hospital will include:

- 1** The only private patient rooms in SLO County
 - 56 private rooms for cardiac, oncology and medical/surgical patients
 - Healing views of Cerro San Luis Mountain from patient rooms
- 2** Expansion of Intensive Care Services
 - New Neonatal Intensive Care Unit for our tiniest patients with 16 private rooms located adjacent to the Stollmeyer Family Birthing Center
 - Addition of 10 private adult Intensive Care Suites for a total of 21
- 3** New Main Entrance and Lobby
 - Welcome Center for patients and visitors
 - Indoor/outdoor dining area with an expanded kitchen near the new lobby
- 4** New Imaging Department and enhanced Surgery Department with the most innovative technology such as advanced MRI and robotics (*see page 7*)
- 5** New Helipad for faster transport to/from the hospital for our most fragile emergency patients; located on top of a new parking structure which adds additional parking for patient and visitor convenience
- 6** New Chapel providing spiritual care for all faiths adjacent to an existing healing garden

The advances of Your New French Hospital will set new standards in health care and redefine the patient experience in San Luis Obispo County today and for generations to come.

Private rooms will provide patients with an environment of healing

Improving the Patient Experience

Privacy and comfort will aid patient healing

- Private patient rooms will create a soothing healing environment providing increased privacy, safety and comfort for patients and their families. This leads to shorter stays, less stress and greater patient satisfaction.
- New patient care technology will allow medical professionals to be closer and better connected to patients during their stay.
- Innovative facilities transform the unfamiliar and frightening experience of illness or a scheduled procedure into a more positive experience with a greater sense of welcome, kindness, and confidence.

WHO DOES YOUR HEART BEAT FOR?

The George Hoag Family Foundation Helps Bring New Treatments to Cardiac Patients

When you have a heart condition, traveling several hours away for treatment is far from ideal, but until recently, that was the reality for certain Central Coast cardiac patients.

French Hospital remedied this situation for some cardiac patients in 2015 by establishing San Luis Obispo County's only Electrophysiology Program. Doctors specializing in electrophysiology (EP) diagnose and treat arrhythmias, which are the result of abnormal electrical impulses that cause the heart to beat too quickly, too slowly, or irregularly. Prior to establishing the EP Program, local arrhythmia patients had to travel significant distances to receive EP treatments.

French Hospital's EP Program is led by Christopher Porterfield, MD, MPH, FACC, who is passionate about helping patients with heart rhythm disturbances return to a normal life. While the EP Program has been well received and highly used by local patients, Dr. Porterfield recognized that certain patients still had to travel out of the area—those who would benefit from the newest EP treatment technology, cryoablation.

"It is important that patients are able receive the treatments they need locally," says Dr. Porterfield. "Too many patients were spending time, energy and resources traveling out of the area for this procedure when they could have been healing at home."

Wishing to further enhance care for local arrhythmia patients, Dr. Porterfield worked with the French Hospital Foundation to seek grant funding to acquire cryoablation equipment and technology. Thanks to the generosity of the George Hoag Family Foundation, cryoablation became part of French Hospital's EP Program in 2018, offering the most advanced, pain-free treatment to local arrhythmia patients.

The Copeland, Forbes & Rossi Cardiac Care Center was established in 2007 and has built a nationwide reputation, including previously being named a Top 50 Cardiac Hospital in the U.S.

What is Cryoablation?

Cryoablation is an EP procedure that treats arrhythmias using extreme cold to destroy or damage a small amount of tissue that is causing abnormal electrical impulses in the heart, thus restoring a healthy heart rhythm. Cryoablation is painless, making it ideal for many patients and the preferred treatment for pediatric patients. The procedure also carries less risk and offers easier patient recovery than traditional ablation.

THE CYCLE OF GRATITUDE

Dedicated Volunteer, Carol Judd, Honored by her Daughters with a Lasting Gift

At the age of 101, Carol Judd was a living legend to many patients and staff at French Hospital.

Carol moved to San Luis Obispo in 1957 with her husband and three daughters. A devoted mother and wife, she was very involved in the community through many avenues—her church, the Cal Poly Women’s Club, activities with her children, and music.

In 1992, Carol experienced a life threatening cardiac emergency and was treated at French Hospital by Dr. Luke Faber. Her experience inspired a dedication to French Hospital that was unwavering, motivating her to find ways to give back to the hospital for the rest of her life. Carol soon became a French Hospital volunteer, spending hours every week helping patients and visitors, until her passing 26 years later.

“French Hospital became a second home for her,” says daughter Penny Sommers. “She loved the people she met at the hospital—staff, volunteers and patients.”

Carol greatly enjoyed her volunteer family and formed many lasting friendships during her time at French Hospital. She always knew just what to say to comfort patients and their family members or boost a patient’s confidence if they were going in for surgery.

Carol gave back to her community in other ways besides volunteering, including creating scholarship funds at Cal Poly and Cuesta College. At French Hospital, she established the Carol S. Judd Family Scholarship Endowment Fund to provide scholarships for ongoing education and training for nurses and technicians working in French Hospital’s Copeland, Forbes & Rossi Cardiac Care Center.

After her passing in April 2018, Carol’s daughters—Penny Sommers, Anita Judd, and Christie Redd Coyes—wanted to find a permanent way to honor their mother’s dedication to French Hospital. Working with the French Hospital Foundation, they named a patient room in her memory.

“Mom would have been so pleased to see a room named in her honor,” says Anita.

“Her involvement at French Hospital was so important to her. Making this gift made so much sense for our family. We were able to give in her name to a place she loved and help patients by doing so.”

If you are one of the many who knew Carol, her daughters say that you can honor her memory by doing some of the things she did every day—greet a person by looking them in the eye, share a smile, tell a joke, or provide a treat (preferably chocolate).

Longtime volunteer Carol Judd

LEAVING A LEGACY

Bob & Carol Kerwin

After retiring to Arroyo Grande, Bob Kerwin received care at several different hospitals and quickly realized that, while technology is important, the people in a hospital are an essential part of care and recovery. Because of his positive experience at French Hospital, Bob and his wife, Carol, decided to say thank you by supporting the good work of the physicians and nurses through a planned gift. “We felt that the culture of French Hospital should be encouraged and supported. Making a gift was our way of giving back.”

As retirees, Bob and Carol felt the need to be mindful of their financial situation. “Establishing a Charitable Remainder Unitrust allowed us to increase our donation and take advantage of the profits from our investments,” says Bob. “We were able to choose a donation plan that allowed us to contribute at a pace that was comfortable for our situation.”

The Kerwins encourage others to explore gift options that they might not have previously considered.

“There are ways that you can make a gift that provide benefits to both you and to French Hospital,” says Bob.

Karen & Steve Chubon

Karen and Steve Chubon were looking for a place to retire with a strong sense of community and opportunities to give back. They found the Central Coast and the Hearst Cancer Resource Center (HCRC), where Karen became a volunteer. Karen felt a strong connection with the HCRC at French Hospital because her mother, Carol Thompson, had been diagnosed with Non-Hodgkins Lymphoma.

Seeing the direct impact of the HCRC on cancer patients and their families, Karen and Steve made a significant contribution to the Center to name the Nurse Navigator Office in honor of her mother. The Nurse Navigator program provides patients with their own personal nurse to guide them through their cancer journey from the moment they receive the diagnosis. “As hard as this is to go through, the HCRC is a very positive place,” says Karen.

For Karen and Steve, learning to stay hopeful through her mom’s battle with cancer led to an even greater commitment that would also extend hope to others.

After the passing of Karen’s mother, Karen and Steve made the decision to include the Hearst Cancer Resource Center in their trust. Their gift will help the HCRC provide care far into the future—a cause very close to their hearts—without affecting their lifestyle today.

You too can make a gift that costs you nothing in your lifetime.

Consider a gift to French Hospital Medical Center through:

- Your Will or Living Trust
- Charitable Gift Annuity
- Charitable Remainder Trust
- Retained Life Estate
- Gifts of Real Estate

To learn more about planned gifts, including options that can provide you with lifetime income and tax savings, visit www.supportfrenchhospital.org and click on "Plan Your Legacy". You can also email legacycircle@dignityhealth.org or call 805-542-6496.

Join The Legacy Circle

The French Hospital Legacy Circle recognizes generous individuals who have made a financial provision to French Hospital in their estate plans. As a member of the Legacy Circle, you will make an important investment in the future of your community's health care. If you have included French Hospital Medical Center in your future plans, please let us know so that we can thank you appropriately. This also helps us to fully understand your intentions and ensure that a plan is in place to implement your vision.

EMPLOYEES GIVE BACK

Working at French Hospital Medical Center isn't just a Job - It's a Calling

Employees witness first-hand how giving is one of the most powerful expressions of compassion. The Employee Caring Circle offers French Hospital employees the opportunity to express their gratitude and further support ways to care for their patients. Since 2006, employees have generously given more than \$539,000 to support patient programs and services, as well as special projects, impacting the lives of thousands of patients and families.

When asked why they give and why it's important to them, these were the responses from some who have given for 10 years or more:

"Participating in the Employee Caring Circle is important because together, as a group, employees can make a difference by providing funds that are a valuable resource for our patients and the community."

— Carol Rockholt, PT, Manager of Therapy Services

"I believe giving is one way I can personally support French Hospital and what we do for the community. Giving to the Employee Caring Circle is important to me because it sets an example for all staff. It shows the community that we believe and support our foundation and all they do for our hospital and community."

— Dan Farnum, Sr. Director, Facilities Management

"I give because the Foundation has been so beneficial in my work as the hospital social worker, with support having a direct impact on assisting patients in need at their most vulnerable time."

— Drew Washer, Licensed Clinical Social Worker

WHO IS YOUR GUARDIAN ANGEL?

The Guardian Angel Program at French Hospital

Give thanks for extraordinary care

French Hospital Medical Center is proud of our many team members who are dedicated to providing compassionate care to our patients. They know humankindness is the best medicine and practice it on a daily basis. They are our Guardian Angels.

Has a French Hospital physician, nurse, staff member, or volunteer touched your life? Have you experienced the power of humankindness while at our facility? The Guardian Angel program provides grateful patients and their loved ones the opportunity to thank caregivers and other team members who made a difference during their visit or stay by making a donation to the hospital in their name.

When a gift is made, your Guardian Angel will receive a letter informing him or her of your thoughtful gift in their

honor (no gift amount will be mentioned). In addition, they will receive a Guardian Angel lapel pin for special recognition and will also be recognized among their colleagues.

Your gratitude completes the circle

By making a donation in the name of someone who has made a difference in your care, you will make a difference in the care of future patients. Your generous support will directly enhance patient care at our hospital and help us to further our mission of improving the health and quality of life of the communities we serve.

To learn more about our Guardian Angel Program, please visit supportfrenchhospital.org or call the Foundation at 805.542.6496.

FOUNDATION FUN(D) RAISING EVENTS

Generosity in Our Community Continues to Astound

Raising a total of more than \$1,450,000 in Fiscal Year 2018, Foundation events continued to flourish and provide guests with enjoyable opportunities to give back to their community. The Foundation extends its sincere thanks to all event sponsors, attendees, donors and volunteers.

Celebration of Caring Gala *Sponsored by French Hospital Medical Staff*

The 2017 Celebration of Caring Gala, held on August 19, 2017, raised more than \$370,000, with 480 guests in attendance. The 'Haute Havana' themed event transformed the Madonna Expo Center as never before, transporting guests to a colorful Cuban market and then to a swanky Cuban ballroom for dinner.

Guests enjoyed mojitos, beef empanadas, and the music of a live band during the reception while bidding on a wide array of silent auction items. Following a Cuban inspired dinner, an exciting live auction featured unique items, such as VIP tickets to The Voice and a week stay at the award-winning Esperanza Resort in Cabo. The annual Louis Tedone, MD Humanitarian Award was presented to Noreen Martin for her outstanding dedication to our community. Proceeds from the Gala supported patient programs and services at French Hospital Medical Center and the Angel of Hope Fund at the Hearst Cancer Resource Center.

Humankindness Personified

Louis Tedone, MD Humanitarian Award

The Louis Tedone, MD Humanitarian Award was established by the Foundation to recognize the extraordinary contributions of those individuals dedicated to building healthier communities. The award honors the legacy of Dr. Tedone and his concern and caring for children in our community. The Award is presented annually at the Foundation's Celebration of Caring Gala.

Left to right: Leo Selker, Dr. Louis Tedone, Award Recipient Noreen Martin, Alan Iftiniuk and Liz Summer

Noreen Martin - 2017 Recipient

Noreen Martin has demonstrated a passionate dedication to the wellbeing of the San Luis Obispo community through her business leadership and philanthropic efforts. She is devoted to numerous causes, dedicating time and resources to several local nonprofit organizations. Noreen serves on the Hearst Cancer Resource Center Advisory Committee for French Hospital, is a judge-appointed CASA (Court Appointed Special Advocate) volunteer and has also been involved with Paso Robles Children's Museum and Visit San Luis Obispo County. She was previously the recipient of the 2009 Champions for Children Award. Additionally, she has generously donated a stay at her Chianti Farmhouse/Villa as an auction item, a gift that has raised hundreds of thousands of dollars to support many local charities. Noreen is an extraordinary leader and advocate for our community whose contributions will last for years to come.

Left to right: Liz Summer, Leo Selker, Award Recipients Paul & Bridget Ready, Dr. Louis Tedone and Alan Iftiniuk

Paul & Bridget Ready - 2018 Recipients

Paul and Bridget Ready champion the causes of children in San Luis Obispo County who have illness, disabilities and special needs. In 2006, they founded the nonprofit Jack's Helping Hand after losing their son Jack to a three-year battle with brain cancer. Jack's Helping Hand is now celebrating nearly \$2 million in assistance given to local families. Paul is a principal at law firm Farmer & Ready and has served as a Planning Commissioner for the City of San Luis Obispo, board member of the Cuesta College Foundation, and president of San Luis Obispo Rotary de Tolosa. Bridget is a teacher in San Luis Obispo and a spokesperson for the Lucille Packard Children's Hospital in Palo Alto. In 2009, Paul and Bridget received the Children's Health Initiative Champions for Children Award. We are grateful for their tireless efforts to support children in our community with special needs.

Honored past recipients include these extraordinary individuals:

2016 - Dr. Gilbert H. Stork

2015 - Bert and Candace Forbes

2014 - Jim Copeland

2013 - John and Sandy Dunn

2012 - Jim Sargen

2011 - Frank and Betsey Kelton

2010 - Phyllis Madonna

2009 - Jac Pedersen, DDS

2008 - Stephen T. Hearst

2006 - Louis Tedone, MD

Guests from Central Coast Home Health enjoyed the champagne reception at Hearst Castle

Share the Hope

Hosted by Steve & Barbara Hearst

The 11th annual Hearst Cancer Resource Center (HCRC) fundraiser was held on April 21, 2018 at the renowned Hearst Castle and Hearst Ranch. The generosity at this event never ceases to amaze and inspire those who attend. This year's Share the Hope was no exception, raising more than \$1,000,000 to support the HCRC Endowment, with 200 guests in attendance.

Dressed in western attire, guests were treated to a champagne reception at Hearst Castle with live music from Louie Ortega and Friends and a spectacular ocean view. The evening continued at the Dairy Barn which was decorated in vibrant floral arrangements, blue and white prints, and cacti and succulent displays; all to create a fancy fiesta feel. Guests enjoyed a gourmet dinner by Trumpet Vine Catering, complete with tres leches cake and Hearst Ranch Wine. An adorable labradoodle puppy and a swim at Hearst Castle were highlights of the live auction. Concluding the evening was a moving Call to Action, which resulted in raising enough funds to complete the Foundation's \$5 million HCRC Endowment campaign. Although additional funds will be needed in the future, this was a huge step in keeping the HCRC funded for generations to come (see article on page 4).

The French Cup Golf Tournament

Sponsored by Mustangs Sports Properties

The 12th annual French Cup Golf Tournament was the most successful to date, raising more than \$80,000 to support the Hearst Cancer Resource Center Endowment. The tournament was held on June 13, 2018 at the San Luis Obispo Country Club, with a full course — 144 golfers.

Golfers started the day with Bloody Marys, swag bags with Straight Down Clothing Company apparel, and prepared for a day of contests and competition. While out on the course, players enjoyed delicious food from Ciopinot Seafood Grille, La Esquina, Olde Port Inn, and Shell Beach Brew House as well as great beer from Central Coast Distributing. The winning golf foursome, which included Sofie Aagaard, Leonard Cohen, Dan Miller, and Justin Warten, received the highly acclaimed French Cup medals created by Malcolm DeMille, designer of the PGA Tour trophy.

THE HISTORY OF FRENCH HOSPITAL MEDICAL CENTER

Since opening more than 70 years ago, French Hospital has undergone sweeping changes, growing in response to the needs of our community. Since joining Dignity Health in 2004, French Hospital has partnered with our community to bring advanced health care to San Luis Obispo County. These efforts continue today to plan for our community's future.

Looking to the future...

FRENCH HOSPITAL MEDICAL CENTER & THE FOUNDATION

WHAT DOES IT MEAN TO BE NOT-FOR-PROFIT?

While for-profit organizations distribute surplus revenue to shareholders or owners, not-for-profit organizations invest these earnings back into their organizations to further achieve their mission and goals. As a not-for-profit hospital, French Hospital Medical Center reinvests profits back into the hospital and into our community by providing community benefits programs and charity care.

100% OF YOUR DONATION BENEFITS THE CAUSE

French Hospital covers all Foundation operating costs, which means that donor funds are never used to pay for any administrative costs. Because of this, **100% of your donation stays local and benefits our community by going directly to where it is needed most — patient care, programs and services.**

Donations, both large and small, enable the Foundation to:

- Provide cutting-edge technology and the very best medical equipment
- Build and support health education and community outreach programs
- Support those who cannot afford the costs of health care
- Provide an array of vital patient programs at no charge to patients
- Support improvements in the quality of patient care and safety

HOW FOUNDATION FUNDS SUPPORT FRENCH HOSPITAL

For the Year Ending June 30, 2018

The French Hospital Medical Center Foundation is proud to share that for fiscal year 2018, the Foundation transferred more than \$2,067,000 in donor funds to French Hospital for the support of the following patient programs, services and capital needs.

Funds Provided to French Hospital

Area of Greatest Need - Special Funding Projects:	
• Prostate Cancer Detection Software for French Hospital's San Luis Diagnostic Center	\$84,936
• Cardiac/Pulmonary Stress System	\$71,375
• Ultrasound Machine for Radiology Department	\$75,120
• MRI Monitoring System	\$45,115
Breast Cancer Prevention Fund	\$24,986
Breastfeeding Clinic	\$1,726
Cardiac Rehabilitation	\$1,800
Copeland, Forbes & Rossi Cardiac Care Center	\$75,000
Copeland Health Education Pavilion	\$560,811
Emergency Department Expansion Project	\$158,275
Hearst Cancer Resource Center	\$286,595
Hearst Cancer Resource Center - Angel of Hope Fund	\$174,371
Hearst Cancer Resource Center - Patient Navigation Program	\$141,845
Healing Garden	\$2,000
Homeless Patient Support Program	\$12,230
Intensive Care Unit	\$32,120
James R. Flanagan Simulation Learning Center	\$114,445
Martin Hulburd Family Cancer Education Fund	\$45,196
Osteoporosis Resource Center	\$91,850
Stollmeyer Family Birthing Center	\$9,425
Volunteer Guild Fund	\$56,594
Volunteer Scholarship Fund	\$2,000

Total Funds Provided to Support French Hospital

\$2,067,815

FRIENDS OF THE FOUNDATION

The French Hospital Medical Center Foundation Caring Circle of Donors supports a wide variety of hospital programs. It is our pleasure to recognize and celebrate the generosity of those donors who have invested in their community hospital.

Names reflect donations received from July 2017–June 2018.

EMPLOYEE CARING CIRCLE

Our employees are proud to be part of a team that provides amazing care to our community. They witness first-hand how giving is one of the most powerful expressions of compassion. Since 2006, employees have donated more than \$539,000 to the hospital. The following employees contributed between July 2017 and June 2018:

“As a longtime employee of French Hospital, I embrace the importance of giving back. Our support really does make a difference for our patients, their families and our co-workers. It is in the blessings that are received and given that bring joy.”

MEMORIAL & TRIBUTE GIFTS

In times of sorrow, a gift in memoriam provides the opportunity to honor the passing of a friend or a loved one. In times of joy, a gift in celebration serves as a unique acknowledgement of a milestone such as the birth of a baby, a birthday, an anniversary, or special occasion in honor of a friend, relative or colleague. These memorial and tribute gifts were received between July 2017 and June 2018 for the following funds.

ANGEL OF HOPE ENDOWMENT

OUR VALUES

- Dignity
- Collaboration
- Justice
- Stewardship
- Excellence

Our Mission

As a member of Dignity Health, French Hospital Medical Center partners with the community to improve the quality of life here, and dedicates resources to delivering compassionate, high-quality, affordable health services that help and advocate for our disenfranchised sisters and brothers.

Our Vision

We strive to create a vibrant, national health care system known for service, chosen for clinical excellence, standing in partnership with patients, employees and physicians to improve the health of all communities served.
