French Hospital Medical Center Foundation Receives \$11,200 Donation from Local Swim Club

Annual swim meet has raised funds since 2008 for the Hearst Cancer Resource Center at French Hospital Medical Center

SAN LUIS OBISPO, CA – January 7, 2016 – The French Hospital Medical Center (FHMC) Foundation recently received yet another generous donation from the PUMA Aquatic Team to support the Hearst Cancer Resource Center (HCRC) at FHMC.

The swim club raised \$11,200 for the HCRC during their eighth annual swim meet at Arroyo Grande High School in October. Hundreds of swimmers from the Central Coast, Central Valley, and Southern California participated in the event. The meet raised money through local sponsorships, entry fees, a silent auction, and the concession stand. This recent donation brings PUMA's eight year total contribution to the HCRC to \$80,200.

PUMA Swim Team Coach Jud Clark believes that having swimmers swim for a “cause” helps build strong community support with the young swimmers. Clark and his team recently presented the check to the HCRC Director Beverly Kirkhart and FHMC President/CEO Alan Iftiniuk.

“The Hearst Cancer Resource Center is an essential resource for our patients and our community,” says Iftiniuk. “The willingness for these young athletes to continue to donate to provide important resources to cancer patients and their families is exceptionally meaningful to French Hospital, and we are grateful recipients.”

The HCRC provides free supportive and educational services necessary for cancer patients to understand their disease, tolerate treatment, and maintain dignity and quality of life throughout all aspects of their cancer experience. The HCRC collaborates with its community and physician partners to bring San Luis Obispo County a comprehensive epicenter of knowledge and empowerment.
